NPDES Number

This office acknowledges receipt of your National  
Pollutant Discharge Elimination System (NPDES) \_\_\_\_\_  
\_\_\_\_\_ permit  
application.

Your application has been assigned the number listed  
above, and it is requested that you make reference to this  
number in future correspondence.

We are processing your NPDES permit application as  
expeditiously as possible. You will be notified if additional  
information is necessary to complete the processing of your  
application.

Sincerely,

RALPH K. YUKUMOTO, ACTING CHIEF  
/ Pollution Technical Review Branch

Dear \_\_\_\_\_:

NPDES Number \_\_\_\_\_

This letter acknowledges receipt of your National Pollutant Discharge Elimination System (NPDES) permit application.

Your application has been assigned the number listed above, and it is requested that you refer to this number in future correspondence.

In accordance with 40 CFR 125.12, an application filing fee in the amount of \$\_\_\_\_\_ is required. The filing fee, in the form of a check or money order made payable to the State of Hawaii, should be submitted to our office as soon as possible.

Please contact the NPDES project management group of the Pollution Technical Review Branch at 548-6410 if you have any questions about the application form, filing requirements or enclosed material.

Sincerely,

RALPH K. YUKUMOTO, ACTING CHIEF  
/ Pollution Technical Review Branch

Dear <sup>STC</sup>:

We have received your Standard Form \_\_\_\_\_ NPDES permit application for \_\_\_\_\_. We did not receive the necessary filing fee together with the application. The Standard Form filing fee is \$100.00 for a single discharge point, plus \$50.00 for each additional outlet. In this case the fee should be \_\_\_\_\_, less any fee which may have been submitted with your Short Form application.

Please contact the NPDES project management group of the Pollution Technical Review Branch at 548-6410 if you have any questions about the application form, filing requirements or enclosed material.

Sincerely,

RALPH K. YUKUMOTO, ACTING CHIEF  
/ Pollution Technical Review Branch

Dear       :

We have reviewed the permit application, and other information, which you submitted under the National Pollutant Discharge Elimination System (NPDES) program and have determined that you are not required to obtain a NPDES permit, pursuant to Section 402 of the Federal Water Pollution Control Act Amendments of 1972, for the following reasons:

1. Wastewater discharges entering a municipal sewer system and receiving treatment at a publicly owned waste treatment facility do not require a NPDES permit.
2. Wastewater discharges contained in a septic tank, with no overflow to surface waters, do not require a NPDES permit.
3. Wastewater discharges contained in an evaporation lagoon or pond, with no overflow to surface waters, do not require a NPDES permit.

4.

A copy of this exemption letter and the information which you submitted under the NPDES permit program will be retained in our files.

In the future, if you anticipate a wastewater discharge to any lake, creek, stream, river, or other surface waters, a permit application must be submitted at least 180 days prior to the date the discharge commences.

Please contact the NPDES project management group of the Pollution Technical Review Branch at 548-6410 if you have any questions about the application form, filing requirements or enclosed material.

Sincerely,

RALPH K. YUKUMOTO, ACTING CHIEF  
/ Pollution Technical Review Branch
